7 to 1 Shot Winner Of Handicap

Dramatic Is Easy
3-Length Victor
In Lincolnshire

LINCOLN, Eng., March 18. —(CP)—Dramatic, highly-favored and heavily-backed, today was an easy winner of the Lincolnshire Handicap, first major handicap of British flat-racing season.

Ridden by champion jockey Gordon Richards, Dramatic finished three lengths ahead of Fair Judgment, last year's winner, with Pajoy third another two lengths back.

Dramatic, owned by A. Saunders, started on the outside race over the Carbine track at Fair Judgment, owned by C. Gordon, started at 10 to 1 and Pajoy, owned by A. Barnett, at 40 to 1.

HEAVILY PLAYED
Thousands of pounds were reported to have been bet on Dramatic. Many parlay the winner of the Lincolnshire with the winner of the Grand National steeplechase to be run next Saturday at Aintree, near Liverpool.

Today's race was run over the so-called "straight mile" which actually includes a tricky one-lap finishing post.

Great bet off in front at first pursued by Hatch, Prince Dazill, Hundred up and Fair Seller, Kety, Kibelin and Dramatic. Favored Burman was far behind. Two furlongs from the finish Hatch and Goldborough weakened and Richards urged Dramatic into the lead.

Half way through the race Hatch and Goldborough were neck and neck, followed by Fair Seller, Kety, Kibelin and Dramatic. Favored Burman was far behind. Two furlongs from the finish Hatch and Goldborough weakened and Richards urged Dramatic into the lead.

MAKES MOVE
Fair Judgment made his bid with a hurrying to go but Dramatic had the race well in hand. In the final 200 yards Pajoy also made a desperate charge but could make no impression on the front-running pair.

Victory in order behind the payoff: first, Don, Barnes Park, Astoria, Philadelphie II, Goldborough, Burman, Kibelin, Laverstock, Sun Flame, Eulogy, Fancy Fly, Hatch.

Secret Service Wins Hurdle Cup

LONDON, March 17. —(AP)—Secret Service, owned by Robert Sweeney of New York, won the two-mile Imperial Cup hurdle race at Sandown Park today for the second straight year.

The seven-year-old gelding 100 to 8 last year won the race. The race is worth \$15,000 (\$44,500).

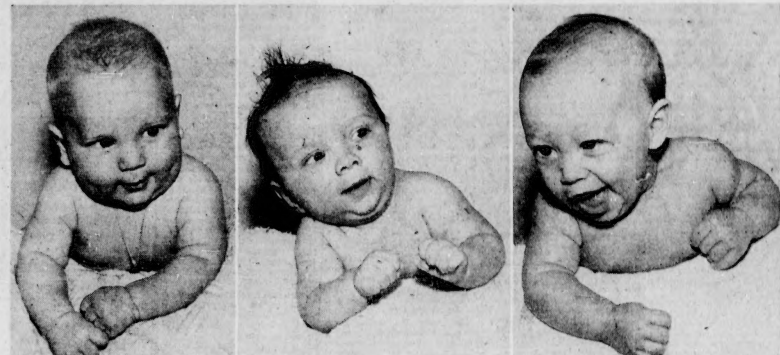

Tax Evasion About \$1 Million

MILWAUKEE, March 18. —(AP)—A wealthy Milwaukee man and his wife were named yesterday in a warrant charging tax evasion against Michael Shapiro, former head of at least nine Milwaukee companies, and his wife Rae, converted only a portion of their operations.

Alberta to Try County System in Four Areas

The Alberta government's contentious Bill 50 to enact the county system, local government will be amended, Hon. C. E. Gerhart, minister of municipal affairs, announced in the Alberta legislature last night.

Cool Weather For Weekend

Cool weather continues throughout most of the province today, forecasting a high of 10 above for the city of Edmonton.

Temperature in the city remained steady yesterday, taking a slight dip from a high of four above, recorded at 2:30 p.m., to one above at 5:30 this morning.

Outlook for today is cloudy with a few clear periods, light wind and some ice.

In the southern part of the province, heavy snows were recorded. Lethbridge measured 44 inches and Calgary three inches.

Coldcast on the Alberta weather map yesterday was Fort McMurray, where the mercury dropped down to 27 below.

Canadians temperatures yesterday were:

Edmonton	4	Victoria	45
Calgary	3	Vancouver	40

First Arms Sent Under Aid Plan

NORFOLK, Va., March 18. —(AP)—The French aircraft carrier Duquesne sailed today with the first units of \$1,000,000 program of military aid for western Europe.

The flight deck carried 48 planes—former United States Navy fighters, bombers and transports.

Soccer's Glamor Boys Held To 2-2 Deadlock by Chelsea

LONDON, March 18. —(Reuters)—The soccer team that nobody laughs at any more, and Arsenal, perennial "glamor boys" of the First Division, played to a 2-2 draw today in a thrilling cup semi-final.

The match will be replayed next Wednesday.

At 67,325 fans looked on. Chelsea led 2-0 in the first half and it appeared they were going to win their intra-city rivalry. But Arsenal fought doggedly back, tied the score before the interval and led 2-1 in the second half.

Full of Thrills

As both sets of forwards hammered away at what would have been the deciding goal, the crowd had thrill after thrill. But the final

THEY SPARKLE Baby Series Starts Today In Bulletin

Babies, with all their varying moods and appeal, will be seen again in the pages of the new Bulletin, starting today.

Called "Small Talk," this attractive feature is the brainchild of a Los Angeles photographer who started gathering baby pictures to illustrate a new magazine.

Realizing the possibilities of the wide range of facial expressions he had captured, the photographer explained the pictures with adult expression. "Small Talk" was the result.

Series will run daily.

Puck Official Dies In Crash

LETHBRIDGE, March 18. —(CP)—RCMP here report that Henry Puckett, a child, died Friday evening in hospital at Lethbridge as a result of injuries received in an automobile accident on No. 2 highway, 3 miles south of Wodehouse at 2:30 p.m. Friday.

Three vehicles were involved in the accident, but Puckett, a prominent hockey referee, was the only person seriously injured.

Puckett was on his way to Lethbridge to referee an intermediate playoff game and was a passenger in a car driven by Cameron Smith, of Edmonton.

According to RCMP, the accident occurred when the car driven by Cameron Smith, attempting to pass a truck, went into a skid and collided head on with a car coming in the opposite direction.

Joan Leslie Weds Santa Barbara, Calif.

SANTA BARBARA, Calif., March 18. —(AP)—Joan Leslie, long one of Hollywood's most eligible "bachelor girls," was married to a Canadian film producer, in a ceremony here.

French light artillery regiments, a patrol which drove off the insurgents.

Late News Flashes

SNOW FINALLY ENDS
LETHBRIDGE, March 18. —(CP)—A heavy snowfall which began Wednesday ended today after 3.7 inches had fallen during the last 24 hours. Skies cleared and a bright sun was causing temperatures to rise rapidly. Milder weather was forecast.

Big Prizes Offered in Calgary

CALGARY, March 18. —(CP)—Prize money and goods, valued at \$3,000 will be offered to sharp-shooting southern Alberta sportsmen taking part in the second Crow and Magpie Derby to be sponsored during the coming shooting season by the predator committee of the Calgary Fish and Game Association.

Puck Officials Are Named

MOOSE JAW, March 18. —(CP)—Paul Rozak of Moose Jaw and George Fisher of Medicine Hat will referee the Western Canada Junior Hockey League final between Lethbridge Native Sons and Regina Pats, league secretary J. Harper Party announced today. The best-of-five series opens in Regina tonight.

Reports Before Commons

OTTAWA, March 18. —(CP)—The government took the first step today to arrange for the Commons' annual study of the roots of the Canadian National Railways, Trans-Canada Airlines and Canadian National Steamships.

Insquiry Seeking Evidence

WINDSOR, Ont., March 18. —(CP)—The Windsor police commission, in an unanticipated move today, ordered the public inquiry counsel to visit Detroit police offices to seek evidence "which may connect crime in the two cities."

New Treatment For Cancer

LONDON, Ont., March 18. —(CP)—A new weapon against cancer, a "radio-active cobalt bomb," will be installed in the new Ontario Cancer Foundation Clinic to be built here, it was announced today.

Britisher Sets New Record

LONDON, March 18. —(AP)—Roger Bannister of Oxford set a meet record for the mile today as Oxford beat Cambridge, 76 points to 50, in their annual track meet at the White City Stadium. Bannister, one of Britain's main hopes for the 1952 Olympics, was timed at 4:14.8. He set the previous mark of 4:16.2 last year.

City Woman Draws Ticket in Sweepstake

First Edmontonian to draw a ticket in the Irish Sweepstakes on the Grand National Steeplechase at Aintree next Saturday is Mrs. Mary Bayko, 11342-91 street.

She has a draw ticket for \$15.

In Calgary, Victor Jacobson, 44-year-old railway employee, said today he has drawn a long shot, 10 to 1, George Ruskay, Ontario, Royal Garry, and if the horse Colgate, Betty Heights, Ontario, starts, he stands to win \$77,500.

In Moose Jaw, Stanley N. Knap, a Canadian film producer, has a ticket on Calgary, an outsider. If Gallery wins, he stands to win \$77,500. But if Gallery is scratched or an alarm, his winnings will be \$500.

Poland Sells More Bacon To Britain

LODZ, Poland, March 18. —(Reuters)—Poland will send more bacon and eggs to Britain in 1950 under the new five-year trade pact. Polish food exports to Britain may reach a total value of \$15,000,000 for the year, the board of trade announced yesterday.

11 Persons Dead As Vessel Sinks

Trawler Hit By Freighter
Goes Down Off Halifax

By Irving C. Whynot
HALIFAX, March 18. —(CP)—A mixed Nova Scotia trawler was rammed and sunk in the early-morning darkness off Halifax harbor today, carrying 11 of her 17 crew members to a watery death.

Only six escaped from the 115-foot Gertrude de Costa, out of Yarmouth, N.S., after the sudden, nightmarish collision with the freighter Island Connector, owned by Inter Island Steamships Limited of Montreal.

Sitting in the steaming engine room of the Connector, the still-shivering survivors told of a frantic scramble for safety during the few short minutes before their craft took her last plunge.

All were taken to hospital shortly after the 1,600-ton Connector brought them into port. Some suffered injuries, others were visibly shocked.

In the companionship outside lay the bodies of two of their shipmates, the only two recovered immediately.

BODY WASHED ASHORE
Five hours after the collision the body of an unidentified crew member was washed ashore at Maugher's Beach, at the entrance to Halifax harbor.

All the survivors were actually carried under with the ship but lived to tell the story—except one. The dead, except one from Grand Bank, Nfld., also were Nova Scotia.

Among the dead were Captain Hamilton Knicker of Lunenburg, the master of the province's deep-sea fishing fleet, and his father, Otto. Another father and son, George Schneider and his son Dave, also were lost in the crash which climaxed a jinxed voyage for the De Costa.

On the banks a few days ago a story upset and Robert Rhynall of (Continued on Page 2)

Ex-Treasurer Gets Remand

Former Lac La Piche school district secretary-treasurer, Yvonne Langerie was remanded until April 15 when she appeared in Edmonton police court today on several charges of uttering forged documents.

She is free on \$10,000 bail after being charged by RCMP with obtaining about \$2,000 by uttering forged cheques in connection with school district funds.

Police are still investigating alleged irregularities in school district books involving \$15,000. Inquiries are said to have occurred during the past four years. Mearing of charges will be resumed at Lac La Piche.

Russian Troops Said In Shanghai

HONG KONG, March 18. —(Reuters)—Chinese business men arriving here from Shanghai claimed today that uniformed Soviet troops were helping Chinese Communists to man anti-aircraft defenses at two of Shanghai's four airports.

NEW ARRIVAL at London 200, maroon penguin, seems to have chip on shoulder (and what a shoulder!). As former dealer in Antarctic, he now is poles apart from New British neighbors, but penguin seems to be maintaining considerable dignity of its own.

DISPLAY of women's fashions, with masculine models, was a feature of variety concert at Jasper Place Community League hall last night. Audience enjoyed modelling of J. W. McKenzie, 8812-156 street, but little Bonnie Morgan was bit puzzled. More serious side of program was taken by 50 community students.

Family Film Drinking Scenes Cut Requested

A resolution requesting the provincial censor to delete drinking scenes from family films was passed Friday at a convention of the Associated Temperance Forces held in Presbyterian Church.

Members stressed the importance of study of community problems by groups who would co-operate with the provincial temperance organization. Delegates at the meeting were from Picture Butte, Grande Prairie, Drayton, Valley, Forestburg, Claresholm and Calgary. Nineteen guests gathered at a supper held in the dining room of the Masonic Temple. Dr. G. H. Villet presided and greetings from Mayor F. Parsons were extended by Ald. A. Bisset.

Millet Oldtimer Dies At Lacombe

MILLET, March 18.—Funeral service for T. K. Roger, 92, who died recently in Lacombe, was held last week. Mr. Roger came to Millet at the beginning of the century and farmed a mile and a half north of the village. Upon his retirement a few years ago, he and his wife moved to Victoria. After the death of Mrs. Roger he moved to his home of his daughter, Mrs. B. Rowley of Lacombe.

Community Club Names Officers

ONOWAY, March 18.—Otto Rasmussen was elected president of the Onoway Community Association at the annual meeting. Other officers are: Ted Johnson, secretary; Mrs. A. Rasmussen, treasurer and Alice Laflair vice-president. Objective this year is to build a new flower and make other improvements to the main part of the hall. The association is planning a carnival for March 30 and 31.

BUSHWORKER SIDESWIPED

WHITECROFT, March 18.—F. M. Peters, bush camp operator, near Waterways, had a close call Wednesday when a falling tree snatched him as he rode on a bulldozer.

Mr. Peters was knocked from the vehicle but was picked up unharmed except for a slight laceration of the right temple, and a shaking up.

Publicity Theme Before Council

Eight-page brief on an Edmonton publicity theme, "Edmonton Gateway to the North," prepared by the "The Edmonton on the Map" committee, was submitted Friday by Chairman Dick Rice to Mayor Sid Parsons.

Mr. Rice recommended it be adopted officially.

"Your committee has done a great amount of work in choosing the theme and suggesting ways of implementing it," said the mayor. "I want to publicly thank everyone who submitted a suggestion, and particularly the sub-committee who parsoned the ideas and prepared this paper."

Mayor Parsons said he would submit the document to city council April 10 in the meantime, individuals or organizations wishing copies may obtain them from his secretary, Mrs. Meta Toth.

Meeting Talks School Addition

Addition to Grover school and a skating rink north of the building will be outlined at a meeting of the Grover School and School Association on Monday at 8 p.m. in the school auditorium, 144 street and 180 avenue. Education film will also be shown.

Forhan Named Eckville Mayor

KEVILLE, March 18.—Tom Forhan was named mayor at a recent meeting of Eckville village council. New councillor, Tom Smith, Sr. was sworn in and L. Knudsen was named deputy mayor.

Mike Seestap, retiring councillor was given a vote of thanks by the council.

Council appointed D. Clausen and L. M. Collette as auditors, and re-appointed Mrs. M. Schaefer as secretary.

Worker Hurt In Long Slide

John O'Hara, 26, is in University hospital recovering from shock and injuries after a slide for life in the Newmarket area.

Slipping at a spot of 128-foot derick, O'Hara was reported to have arrested his plunge by grabbing a cable and clinging to safety.

The accident occurred Thursday and University hospital authorities today said O'Hara was recovering from shock, fractured right ankle and left arm.

O'Hara's Edmonton address was given as 960-90 avenue. His father, Joseph O'Hara, lives at Windsor, Sask.

Mannville Group Elects Officers

MANVILLE, March 18.—Red Cross branch here re-elected its officers, with the exception of treasurer, at a recent meeting.

President is C. Smith, vice-president, C. Torrance; secretary, Mrs. C. Smith. New treasurer elected was C. Torrance. E. A. Mercer, who has held this office for the past 10 years, refused to stand for reelection.

An executive was formed consisting of one member from each of the various women's organizations—IOE, Eastern Star, L.O.M., A.O.U., Women's Auxiliary to Christ Church and the Ladies Aid to the United Church.

LaZerte Addresses Teachers' Meeting

Dr. M. E. LaZerte, dean of the faculty of education, University of Alberta, will be featured speaker at the annual general meeting of the Alberta Teachers' Association to be held at Calgary April 10, 11 and 12. Eric Ansell, general secretary treasurer, announced. Theme of Dr. LaZerte's series of messages will be "The Status of the Teaching Profession in Canada."

NEW TRIAL IS ORDERED

New trial has been ordered by appellate division of the Alberta supreme court for Richard Rogers, Calgary, who appealed conviction on charges of illegal possession of narcotics.

Rogers and Marvin Connors were each sentenced to four years in penitentiary and fined \$300 on the charge. Connors did not join Rogers in appealing. The drugs were found in a car near Edmonton. Connors was reported owner of the car and Rogers, whose conviction was quashed, was a passenger.

Help Avenge

Principle of the festival is to encourage pupils to take part in the festival purely for their own enjoyment and to entertain their fellow pupils.

"We believe the regular competitive festival has a definite place in bringing out the highest calibre talent, but we favor a non-competitive festival for the boys and girls, a large majority who will never be stars," explained George Bayle, a festival association officer.

Part of the increased cultural program stressed in schools, the festival includes choruses, comic singing, dancing, physical education, art exercises, shop work, and dramatics.

EDMONTON BULLETIN, Saturday, March 18, 1950

Co-operative Spirit Stressed by Festivals

Co-operation rather than competition is stressed in Edmonton schools. This spirit is reflected annually in the Edmonton school festivals.

Plans are now under way for this year's festival to be held April 19 to 24.

Last year 6,000 pupils, approximately half the attendance in junior and intermediate schools in the city, participated in the festival held in homes throughout the city.

This year even more students are expected to take part in an expanded program.

Principle of the festival is to encourage pupils to take part in the festival purely for their own enjoyment and to entertain their fellow pupils.

"We believe the regular competitive festival has a definite place in bringing out the highest calibre talent, but we favor a non-competitive festival for the boys and girls, a large majority who will never be stars," explained George Bayle, a festival association officer.

Part of the increased cultural program stressed in schools, the festival includes choruses, comic singing, dancing, physical education, art exercises, shop work, and dramatics.

Following the general meeting the school board passed a resolution to try and draw up its budget at special meeting March 21.

No intention was given of possible block and was called promptly by a policeman who jaywalked across the street.

TEACHERS AID FUNDS

Edmonton school teachers last year donated \$4,500 to community and welfare drives, according to M. E. Allen, director of public relations, junior high school.

A breakdown of figures, Mr. Allen said, revealed that \$1,800 had been sent to Community Chest, \$1,250 to Red Cross and \$1,500 to the Cancer Fund.

A total of 333 teachers out of a staff of 1,371 contributed to the three funds.

Olds By-Election Is Foreseen

Possibility of a by-election for the provincial constituency of Olds is seen this week in legislative circles.

Present M.A. Norman E. Cook, member of the Social Credit government, has been in ill health for some time and it is expected he may resign his seat in the House.

Mr. Cook has been in hospital since the arrival of the Alberta legislature. He was also absent through illness at the previous session.

Guest Talks At Beulah

Guest speaker at the Friday evening young people's service of March 24 in Beulah Tabernacle will be Mrs. Edith Kaufman, a graduate of the Simpson Bible Institute of Seattle.
Mrs. Kaufman, a Jewess, came to U.S.A. from Germany in 1936. She is returning to Europe in the near future as a Christian missionary under the auspices of the European Christian Evangelists.
She will tell briefly the story of her departure from Germany, her conversion in Seattle, and her call to carry the Gospel of Christ to needy souls in Europe.

THE WITHERED HAND

Dear Friends
and Gentle Hearts:
Appearances are deceiving; that is why men used to believe that the earth is flat. Often we human beings are likely to judge our fellow-men by something we see and fail to understand.
Which is what happened in the case of Colonel Tucker of Tuckerton, state unknown.
One November twilight, I, the colonel drove up to a farmhouse on the Western plains. And knocked at the door. He made an odd figure on that desolate doorstep. Tall, red-faced and red-mustached, he was wearing a silver derby, pilot overcoat, checkered suit, and shiny brown shoes. What is more, he carried a malacca walking stick, all about the neck of which were those pearls. As the farmer opened the door, a cautious few inches and thrust out his head, the stranger said:

"I am Col. Archibald Tucker of Tuckerton. Can I hire a bed for I and the wife?"
From the dilapidated car, there was descending a pale middle-aged woman. She looked a heavy-lidded, almost unrecognizable, and looked fearfully from the towering colonel to the face at the door. The sight of her touched the heart of the householder; she looked so pale and tired—and her hands, he noticed, were small, like a child's hands.

"What you a dollar apiece?" said the farmer.
"Then I and the wife will come in!"
During dinner, the strangers ate in silence, immune to a barrage of questions from the farmer and the farmer's wife and their three growing sons. Having withstood a 500-gram examination, the paying guests went to their room, shut

their door, and were heard of no more.
"Very refined people," Pa and Ma agreed. But when morning came, the farmer's wife awoke, turned upstairs, then gave a cry of amazement. The birds had flown without paying their bill.
Winter came down on the prairie. Night after night, by the blinding fireplace, the mystery of the red-faced colonel and his wife, winking up, but while it was still dark, had seen a fire blazing in a field half a mile away. But Pa and Ma didn't believe in the fire. No until one morning in the spring.

That was when the snow melted and the youngest boy found a heap of old ashes just where his brother had said he saw a fire. They raked the debris and came upon a gruesome discovery.
Covered with ashes, there lay a small hand, blackened and shrunk, but unmistakably human. The whole countryside was awed and threat of mob violence was heard. If they got their hands on Col. Tucker.

The farmer's family described to police the red hair and mustache, the silver derby, the pilot overcoat, checked suit, and brown shoes. Descriptions were broadcast everywhere—the color of the car and the suitcase. The only clue they found was that Col. Tucker's description resembled a certain Farmer Gaultwell, boss man of a bankrupt carnival show, who had skipped when creditors sought the property, taking along with him all the cash there was left. His wife little wife had been billed on the show as Mamie, world's greatest sharp shooter since Annie Oakley.

One of the deputy sheriffs assigned to the case had been a student at the National Police College of the FBI in Washington, and now he came up with a suggestion.
"Carnival people often get in trouble," he said. "Maybe this woman was once arrested by the

sheriffs, they will be recorded at the FBI. Let's send the withered hand to Washington."

Which they did. And nothing ever created more consternation in the Fingert Department of the Federal Bureau of Investigation. Soon the deputy sheriff received the following wire:

"The hand you sent was not possibly that of the woman you are looking for. You said she was about 40 years old. This hand is more than 3000 years old. It is a mummy's hand, and probably was an exhibit in the carnival show."

The Colonel had merely burned some of the stuff they wanted to get rid of. Appearances were indeed against him. He might have been lynched.

Joe Tucker

was once arrested by the sheriffs, they will be recorded at the FBI. Let's send the withered hand to Washington."

Which they did. And nothing ever created more consternation in the Fingert Department of the Federal Bureau of Investigation. Soon the deputy sheriff received the following wire:

"The hand you sent was not possibly that of the woman you are looking for. You said she was about 40 years old. This hand is more than 3000 years old. It is a mummy's hand, and probably was an exhibit in the carnival show."

The Colonel had merely burned some of the stuff they wanted to get rid of. Appearances were indeed against him. He might have been lynched.

Joe Tucker

EDMONTON BULLETIN, Saturday, March 18, 1935

Religious Question Box Answers All Faiths

Readers of The Bulletin are invited to send in questions regarding the Protestant, Catholic, and Jewish faiths. Questions will be answered as promptly as possible. They should be addressed to: The National Conference of Christians and Jews, 381 Fourth Ave., New York 16, N.Y. Name and address must accompany questions so that a personal reply may be sent if necessary.

Q: Who was Menno Simons?
A: A religious leader from whom the Mennonites derive their name. Born in Witmarum, Friesland, Catholic Church, was re-baptized Holland in 1536. He left the Roman Church and affiliated himself with the more conservative branch of the Anabaptists. He died in 1561.

Q: Who was Judas Macabeanus?
A: The deliverer of the Jews from the Syrian yoke in the 160s B.C.

Q: Who was Antiochus Epiphanes? He was the third son of Antiochus, the king who began the revolt, and is regarded as one of the most heroic figures in the history of the Jews.

Q: Who are the Knights of Columbus?
A: A Roman Catholic fraternal organization founded in 1882 under a charter from the Connecticut General Assembly. It aims at the promotion of educational, charitable, religious and social welfare work.

Q: What was the Marrow Controversy?
A: A discussion in the Church of Scotland (1718-22) over the orthodoxy of a work, "The Marrow of Modern Divinity," published in 1646 by Edward Fisher, an English Puritan.

Q: What is the Last Judgment?
A: In Christian theology, the final determination of the destinies of men, to be made on the last day.

Q: What was the Marrow Controversy?
A: A discussion in the Church of Scotland (1718-22) over the orthodoxy of a work, "The Marrow of Modern Divinity," published in 1646 by Edward Fisher, an English Puritan.

Sovereign Life Assurance Annual Conference

Front Row (left to right): H. O. Braden, Dist. Manager; T. E. Waddington, Supervisor; C. L. Olson, Branch Manager; L. D. Brynne, J. M. Wilson.
Second Row: E. O. Hjalme, C. E. Strachy, T. H. Ferguson, P. Prokurinski, L. J. Malko.
Third Row: M. H. Adams, J. Carle, O. S. Pransen, Dist. Manager; A. Wornuk and R. E. Anley.

The Northern Alberta Branch of the Sovereign Life Assurance Company held its Annual Conference and Banquet on Friday, Mar. 18. In welcoming the Company's agents, Mr. C. L. Olson, Branch Manager, who returned recently from a two months' absence, commented them on the splendid results of the past year—a record for the Branch which leads all Canada in new business production for the Company.

Special congratulations were extended to Mr. T. E. Waddington for the outstanding honor of leading producer for the Company during 1940. He also received the National Quality Award for the fourth successive year.

Mr. H. O. Braden, District Manager for Saskatchewan, secured the National Quality Award for the third successive year, while Messrs. T. H. Ferguson, J. M. Wilson and Alex Wornuk also gained this honor for the year. In obtaining the National Quality Award each of these gentlemen was given a cheque for \$20.00 in recognition of their services. During the Conference, particular emphasis was given to service to the public, and several suggestions were discussed and adopted for improving such service.

Out of your heart... a mighty miracle!
A stroke of your pen, and your contribution to the Red Cross is made. But look behind that cheque—in your mind's eye, see it helping to send precious blood and plasma to a Canadian hospital. Hear, in imagination, the siren's sudden wail, "Emergency!" See the color of life flood slowly back into the face of the victim, as Red Cross Blood Transfusion Service saves another life! Yes, what a thrill to think that the very gift you make might be one that brings to pass this greatest of all miracles! Open your heart and your purse to maintain and extend the Red Cross Free Blood Transfusion Service, the Veterans' Services and Outpost Hospitals, the merciful and never-ending work of Disaster Services. Remember, the Red Cross cannot do this work without your help.

The work of mercy never ends...
This year the need is urgent for \$50,000,000 to carry out the work you expect your Red Cross to do.

Give from the heart

New Touch to Edmonton In Veteran's Building

Edmonton's business section can boast another modern addition today—the new \$100,000 Veteran's building located at 10740 Jasper avenue.

Management of the Veteran's Taxi, who own the building, said they decided to go ahead with construction plans last spring to keep pace with a growing Edmonton.

Completion of the building is expected in about two weeks.

SMART DESIGN
Modern in every respect, the two-story stone and brick structure has a 70-foot frontage and extends 56 feet from the sidewalk.

The offices feature fluorescent lighting and are air-conditioned. Smartly-designed linoleum floors and plaster walls add the finishing touches to the interior.

With Veteran's Taxi, a branch of The Canadian Bank of Commerce occupies one of the ground floor offices.

The bank has a complement of six and was opened for business on Wednesday.

F. E. McPherson came to Edmonton from Williams to take over management of the new branch.

Lucky Through Life

SPRINGFIELD, Mass.—(UPI)—

Ernest Lawton, church sexton has been lucky ever since he locked down an elevator shaft in London as a boy and the elevator came down on his head. He survived to move out of a San Francisco hotel just before it was demolished by the earthquake of 1946 and to cancel a reservation on the Titanic's fatal voyage in 1912.

J. SHUGARMAN
...Manager

True Blue Wins

KNOXVILLE, Tenn. (UPI)—

Court spectators laughed when the name True Blue was called. However, Blue, who was facing a traffic charge, just smiled. His grin widened when the charge was dismissed. True Blue's name remained unblemished.

ATTRACTIVE to last detail, latest addition to Edmonton's business world is Veteran's building at 10740 Jasper avenue. Building houses Veteran's Taxi and new branch of Canadian Bank of Commerce.

Veteran's Taxi Plans Program of Expansion

Veteran's Taxi, one of the most modern and efficient transportation companies in Northern Alberta, today is planning an expansion program in order to serve the people of a growing Edmonton.

J. Shugarman, former Edmonton hotelman, who served with the armed forces overseas for five years, as manager of the taxi company said the Veteran's Taxi has one thing in mind—public service.

BIG STAFF

"We have a staff of 50 men—many of whom are veterans—and 18 cars on the road 24 hours a day," he said. "We plan to increase our fleet in the near future, but at the present time our chief concern is completion of the new building on Jasper."

The Veteran's Taxi was founded in 1949 and since then has grown with the city until today it is one of the largest, radio-equipped transportation services in Edmonton.

The company's taxis are serviced at their own garage—Subway Motors, 10209-100 street.

"In this way there is little delay in either repairing or servicing a car and keeping our fleet at full strength," said Mr. Shugarman.

PURCHASED
A. Rollinger, 10049-114 street, and S. Dlin, 10125-115 street, Edmonton businessmen, purchased the taxi company in 1944. They have been largely responsible for its rapid expansion in the past six years.

Mr. Shugarman continues as manager, with Mr. Rollinger as assistant and Mr. Dlin the maintenance director.

Fraser Dike Quickly Built

OTTAWA, March 18.—(CP)—West-coast engineers, working against time to prevent recurrence of one of the worst floods in Canadian history, rebuilt 10 miles of Fraser Valley dike at the rate of one mile of dike every 40 hours.

Despite this big \$15,000,000 construction job, the Fraser Valley dike building today is its final report that "it should never be taken for granted that the system reports absolute security to the residents of the valley."

The report was tabled in the Commons by Trade Minister Howe. "Every winter and every spring, the report said, 'there exists in the Fraser River basin enough snow to cause a disaster.' The 1948 Fraser Valley flood cost more than \$1,500,000 to fight."

"The timing of the melting of this snow is in the hands of providence, and engineers can only be guided by the law of averages," said the report.

"Two serious floods have occurred in 54 years, and the new dike system should withstand a repetition of these floods. In theory the new protective barriers of dikes 'should' withstand a flood two feet higher than the highest known water."

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—When the "Dollar Bill" starts exposing controversial pictures, you know such films are here to stay.

The dollar "bill" are Bill Pine and Bill Thomas. They won their title by producing a series of low office pictures.

"We're out to show a profit," admitted Thomas, the inequitable member of the team. "So far we have never failed." Their "Man-handled," starring Dorothy Lamour and Dan Dupres, came close to breaking their record, but it is expected to jump out of the red ink.

Hollywood was surprised to learn that the Pine-Thomas duo was making "The Lawless" a picture about small-town prejudice against Americans of Mexican origin. Such films were considered to be gamble.

GIMMICKS SELL
But, as Variety stated last week, one of its characteristic headlines, "Gimmick Pix beat B. O. Nix." Translated into everyday English, that means that pictures with some new gimmick or theme (such as "Pinks" and "All the King's Men") are succeeding at the box office while most other films are failing poorly.

"All the public wants," explained Thomas, "is something new. They want to be sure they aren't seeing the same thing they saw last week and the week before."

"That means you can't give 'em the old theme of a guy jumping off a moving train into a moving automobile. Meaningless action doesn't pay off any more. You have to give them something to think about."

THOMAS said he had trouble getting his releasing company, Paramount, to permit "The Lawless." The justification office also frowned on the project, declaring it did not have a "social message."

The corporation will get an advance from the government of up to \$500,000. Profits made will be paid into the federal treasury. Losses will be covered by the treasury.

to convert 100,000 "B" shares, which can be held only by farmers, into 20,000 "A" shares, which can be held by anyone.

Senator John T. Hall, Progressive Conservative leader, said he approved the bill. He knew the offices of the company and the company was "very busy managed."

The bill now will go to the Senate's miscellaneous bills committee for detailed study.

EDMONTON BULLETIN, Saturday, March 18, 1950 11

forestry and fishing. The decline in these two industries was "substantial." The \$7,630,000,000 in earnings for 1948 compared with a revised estimate of \$7,113,000,000 in 1948. Estimated total of earnings in 1948: \$7,630,000,000. December was \$842,000,000—down \$47,000,000 as against \$889,000,000 in November, but up year earlier.

RCAF Ready For Any Eventuality

Defence Minister Reviews Past and Future Defence

OTTAWA, March 15.—(CP)—If Canada were attacked tomorrow, the attack probably would come from the sky. That opinion was placed before the Commons yesterday by Defence Minister Claxton as he gave the chamber a review of this country's defence preparations—both past and future—and opened study of a record \$425,600,000 defence budget.

"As far as we can see ahead," he told the House, "if there is a likelihood of attack on Canada, it would probably come by air."

To meet that eventuality, he said, the RCAF is building towards a standing intercepter fighter force of "at least five squadrons" and the equivalent of about six other active squadrons immediately ready for action.

ALREADY HAS TWO

The RCAF already has two intercepter squadrons, one based at St. Hubert, Que., and the other at Chatham, N.B., and the equivalent of seven other squadrons of one kind or another.

Canada was spending a larger proportion of her defence budget on aircraft than any other western power.

Mr. Claxton also reported that the Atlantic Pact powers have reached unanimous agreement on "a strategic concept" for the integrated defence of the North Atlantic area. He added:

"The actions of those powers have increased the improbability of military aggression."

OFFICERS INVITED

To further that security arrangement, Canada has invited her allies to send 150 ground and 100 air officers here for training. Maj.-Gen. G. B. Pearson, V.C. (PC-Natanson), chief Progressive Conservative military spokesman, called for the building of a strong air force and said he believed Canada has made a mistake in equipping the American F-86 jet fighter as its primary bomber intercepter.

The plane had "rather alarming shortcomings," Alister Stewart (CCF-Winnipeg North Centre), speaking in the CCF party, urged the minister to declare Canada's commitments under the North Atlantic Pact. Canadians, he felt, did not object to commitments but they liked to know what those commitments were.

1,162 Bulls

For \$628,115

In Calgary Sale

CALGARY, March 17.—(CP)—A total of 1,162 bulls, for which buyers paid out \$628,115, was sold in the four-day 50th annual Calgary spring bull sale which wound up last night.

Officials said it was the largest sale of purebred bulls in Canada's history. Records brought the highest average price of \$544 for the 772 sold. The grand champion Hereford and the reserve champion each sold for \$5,000 for the highest individual annual price.

The Hereford average this year however was almost \$100 less per animal than last year's price. Total receipts for the sale also were less than last year by \$12,135.

Earliest collection of the sale by men is believed to have begun about the year 10,000 B.C.

"My Tufex floors come bright and clean in a jiffy!"

Muddy tracks, dirt, dust, are so easy to remove from a Tufex Asphalt Tile Floor. All you have to do is to mop it over and it's shining—daisy-fresh. With the variety of colors available, you can plan a floor design to suit your individual taste.

Flying Saucers Ruled Out As Real By USAF

WASHINGTON, March 18.—(BUP)—The air Force said today there is no such thing as a "flying saucer."

Air force intelligence and technical officers are not impressed by any of the latest accounts of flying discs.

The air force said its denial of the existence of flying saucers was not to cover up some of its own experiments in space ships and similar air machines.

Meanwhile flying saucer reports increased recently.

In Bursa, Turkey, pilots said today that while chasing morning prayer call atop minarets they had seen flying saucers.

50 SEE RED SAUCER

Most of the 5,000 residents of Farmington, New Mexico, are "absolutely convinced" that flying saucers exist. More than 50 witnesses reported a mass flight of disc-shaped objects yesterday in the oil centre.

The witnesses—including businessmen and private pilots—said the aerial flood of flying saucers was sighted by group waves which numbered "into the hundreds." Clayton Boddy, advertising manager of Farmington Daily Times, said he was with a group of five businessmen who saw the first group of saucers appear. The paper has names of 50 who saw them.

Scores of persons on Farmington streets described one of the aerial frocks as a low-flying, red-

EIRE LAUDED BY SENATOR

OTTAWA, March 17.—(CP)—The story of St. Patrick evoked debate today in the Senate.

Desk-humping and shouts of "hurrah" greeted Senator Pask Patrick Quinn as he recounted the life of the patron saint of Ireland.

With pride the Nova Scotia Progressive Conservative suggested the senate divorce committee visit Ireland, "where there is no divorce, no high control, no mercy killing and no communism."

ASK CANADIAN ROUTE

Crux of the lengthening debate is largely a CCF-Progressive Conservative demand that Trans-Canada Lines Limited—some of two companies seeking incorporation—undertake to build its projected gas-line from Alberta to the Pacific coast through Canada, and not U.S. territory.

Government members urged that the bill be allowed to pass second reading, its current stage, and go to committee, where the sponsors themselves can be questioned. These members contend an all-Canadian line is what the company has in mind.

A. M. Stewart (Vancouver) suggested last night the bill be passed and go to committee, where the sponsors themselves can be questioned. These members contend an all-Canadian line is what the company has in mind.

The company could not build a gas line until it had received authorization from the Alberta government. He did not think Alberta would allow the gas to be exported before Canadian interests were served.

He had checked the parliamentary record and could find no opposition from those members now fighting the bill to similar incor-

poration measures which had been passed last year.

"CANADA FIRST" E. D. Fulton (PC-Kamloops) said the question was whether the chamber should incorporate a company which had declared its intention of first exporting the gas to the United States.

"The chamber should declare that 'we want Canada served first!'"

"Atta boy, Dave!" shouted George Cruikshank (L-Fraser Valley), one of the few government members opposing the legislation. If a costly line were built into the United States, Mr. Fulton continued, there was no change of a branch line being diverted back to Canada to serve British Columbia cities, such as Kamloops, Vernon, Kelowna and Penticton. They needed natural gas to help them develop local industries.

Earlier yesterday, Trade Minister Howe told the chamber he could not understand the "unmistakable" fear of opposition members of allowing the bill to go to committee for questioning of witnesses.

The number of children killed and injured in motor accidents in Ontario in 1949 would fill nearly 190 school classrooms.

Gas Line Filibuster Is Effective Again

OTTAWA, March 18.—(CP)—It was Alberta pipe lines again in the Commons last night—and still no action.

The lengthening week-by-week debate on whether a charter should be granted to an Alberta pipeline company took up the chamber Friday-night private members' hour, and the hour expired without the issue being decided.

The number of children killed and injured in motor accidents in Ontario in 1949 would fill nearly 190 school classrooms.

AMBASSADOR AT LARGE

Philip Jessup speaks into a microphone as he arrives in New York from London. Jessup, who was accused by Sen. Joseph McCarthy of having an "unusual affinity for Communist causes," said there was "no substance" to McCarthy's claim of Communism in State Department.

Rebel Quits Sask. CCF

REGINA, March 18.—(CP)—Jacob Benson, elected as CCF member, told the legislature yesterday he now is sitting in his house as the independent and never again will run as a CCF candidate.

He once had thought the CCF could establish a democratic people's party. It now has become "no better or worse than the Liberals," he said.

Mr. Benson verified a rumor he offered his resignation from the CCF to the local constituency organization last July. It was not accepted. The organization could still recognize it "whenever they feel I'm not conducting myself in line with the objectives of their desires," Mr. Benson said.

He said the CCF government imported "so-called expert advisers" last took the place of members of this legislature. They set up crown corporations without consulting members of their intention.

Scientists say that animals and small infants have dreams just as adults do.

Russians May Be Out Of UN

LAKE SUCCESS, N.Y., March 18.—(CP)—Possibility of the United Nations operating permanently without Russian representation was pointed out today. Trygve Lie, UN secretary-general, told a press conference the present critical situation, with Soviet-Chinese countries boycotting all UN meetings over the Chinese issue, cannot go on indefinitely.

He said the UN could not go on indefinitely.

LEADER in STYLE

Twice-in-a-row style winner—only Ford has ever won such honor! Again in '50, Ford has been awarded the Fashion Academy Gold Medal as "Fashion Car of the Year"—over all makes in all price classes!

That you were justified in getting down to the usual number of breeding stock.

Canadian now were eating more beef than before the war. In fact, eating it so fast there was little left to export.

"We are selling beef out of butcher shops today at a price as high as anywhere in the world," said Mr. Gardiner.

"That is why our farmers should not be anxious to have their produce sold in any other part of the world. They should sell it here and have it eaten here."

"We are paying more for everything in the U.S. embargo, sales climbed to 10,000 tons in 1948 and 57,000 tons in 1949, including the United States, will pay for it."

Hogz were in a similar category increased stock but selling the but farmers could more easily increase stock which is converted change their positions with hogs into beef," he said. "I cannot agree that with cattle."

No wonder the big swing is to

the '50 FORD

50 ways new!

Here, we believe, is proof far more convincing than any mere "claim" of QUALITY in the field of low-priced cars. It is Ford's two-way leadership... leadership in sales awarded to Ford by the buying preference of Canadian motorists... leadership in style and beauty, confirmed by the Gold Medal Award of the "last word" in fashion authority, the Fashion Academy of New York.

Ford leadership plainly underlines the fact that buyers who want the best are swinging their choice to the '50 Ford... 50 WAYS NEW... the One Fine Car in the Low-Price Field! That's why we say it's wise for you to see and "Test-Drive" the '50 Ford before you accept less than the Leader offers!

The One Fine Car in the Low-Price Field!

"TEST DRIVE" THE '50 FORD TODAY!

TWO-YEAR-OLD Freddie Thomason, born without arms and legs, is held by his mother, Mrs. Hazel Thomason, Magnolia, Ark., during trip to Newark, N.J., where it is hoped doctors can provide Freddie with artificial limbs.

Civil Atomic Defence Sees U.S. in Quandary

WASHINGTON, March 18.—(AP)—Los Angeles mayor told Congress that the U.S. cities have no idea what to do about civilian atomic defence. He criticized Washington's handling of the problem.

"We don't know who is responsible," said Fletcher Bowron. "We don't know whom to contact."

"If Washington can't handle this, it can't handle a war without tremendous waste of effort."

Testifying yesterday as the congressional atomic committee held its first public hearing on civilian defence, Bowron said there should be one agency responsible for this aspect of atomic warfare.

IN COLOR

A new authority dealing with civilian defence has been set up in the executive department. Dr. Paul Larsen took charge of it March 1.

The committee rang down the curtain for an indefinite period after letting the public in on some atomic discoveries.

One of them is a geiger counter for civilian defence which has colors on its dial to indicate radiation in an area. Green means safety, yellow is a warning and red means too much radiation. The device could be sold for \$10 to \$15 if put into production.

Survivors of an atomic blast apparently can "expect a reasonable normal life thereafter," said Dr. Ghislis Warren, director of the atomic energy commission's biology and medical division.

He said also he is quite sure there is no danger of an atomic

Northern Canada Gets Road Link

Crude, 350-Mile Highway Serves Large Territory

THE PAS, Man., March 18.—(CP)—A new link in northern Manitoba's communications has been completed. It is a crude, 350-mile winter freighting road crossing the upper part of the province almost from Saskatchewan to the Ontario border.

Two tractor teams which left here Feb. 6 have reported finishing the road, which will serve Norway House and other outposts between The Pas and Island Lake.

Heavy snows in northwestern Manitoba have delayed winter transportation, however, and much of the freight is craned for second trips.

The tractor crews, which returned here Monday, set out almost immediately for Wabowden to improve existing freight routes from the Hudson Bay railway to Cross Lake.

GOING IS TOUGH

Gregory Lamb, in charge of the caterpillar "series," reported here by radio that the "going is tough." In some places the tractors ran through three feet of water where heavy snow has melted.

The new freight road is a joint project of the Indian Affairs Department and the provincial governments. The Indian hospital at Norway House is small and patients sometimes have to be flown to Clearwater Lake hospital. The Pas Construction of the road means patients can be run to Clearwater Lake in a few hours by snowmobile.

Queen, Victoria chose Ottawa (then Bytown) as the federal capital in 1858.

explosion scattering all the men in the world.

Invite Doctors To Atom Course

NEW YORK, March 18.—(UPI)—Medical leaders asked the state's 30,000 physicians today to enrol in a special training course to learn what to do if an atom bomb exploded.

A report by the deans of eight New York medical schools and health officials said such training was necessary.

An intensive six-hour state course on treating atomic injuries will be offered within the next six or nine months.

HERE ARE THREE

Senators Ask To See Names In Newspapers

Exclusive to The Bulletin

OTTAWA, March 18.—(UPI)—Canada's senators were unhappy today because they weren't getting their names in the papers.

Word of this was disclosed yesterday by a leading publisher, a senator who said government representatives had assured him they would do better in future.

Sen. W. H. Dennis (PC—Nova Scotia), publisher of the Halifax Chronicle Herald and Halifax Mail-Star, said he had learned "From various senators who have been in this honorable body for many years that their names have never been mentioned by newspapers in their own constituencies."

Dennis gave no indication how this would be changed.

He said, however, "I was happy to be informed by the hon. leader on the government side

NOTED TENOR Jan Pearce will be featured by the Toronto-Symphony "Pop" Concert this Friday at 8:30 p.m. on trans-Canada network of CBC. Program will be one of Viennese music. Pearce will sing three selections, including favorite "Thine Is My Heart Alone."

Air Force Brass Meets March 20

OTTAWA, March 18.—(CP)—Senior RCAF officers from across Canada and from the Dominion's air force staffs in the United Kingdom and the United States will meet here for a two-day policy conference beginning March 20.

RCAF headquarters said today the conference will review RCAF operations during 1949 and consider future plans and overall air force policy.

(Sen. Winhart Robertson) and his deputy, Hon. Senator Huggins, that this matter will be examined and dealt with immediately."

Pilot in Warpath Mood Over 4 Indian Women

THE PAS, Man., March 18.—(CP)—The Indian women who started Churchill with stories of a plane crash were safe at home last night, happy as nudikars and chewing bubble gum.

And pilot Tom Lamb, back at his base here, is pensive about the rumor that he had an accident.

The story from Churchill was that a group of Indians—four women—three girls and an infant in arms—arrived by train from Ilford 200 miles away. They said they had been in a plane which set out from The Pas but crashed, with no one hurt.

The real story is this:

TEN WOMEN

Pilot Lamb left Wednesday with 10 Indian women, four to go to Shamattawa, six to go to Duck Lake. Both places are in the barrens north of Churchill.

At Ilford he unloaded his Duck Lake passengers, flew four to Shamattawa, nailed freight from there to Churchill and flew over to Ontario.

This morning he got back to Ilford. He found the Indians he left there had climbed aboard the train to Churchill, despite a watch kept on them by Jack Stanton, In-

Union Outlines Rights Of Press

LONDON, March 18.—(AP)—The Empire Press Union has adopted a declaration that the press "should enjoy by right the full freedom of expression subject to every individual."

Even restrictions necessary in time of national emergency, the union says, should be agreed in advance between the government and press organizations involved.

NEW HOLLYWOOD SEEMS ASSURED FOR CANADA

OSHAWA, Ont., March 18.—(CP)—Establishment of a multi-million dollar movie studio on the nearby Parkwood Farms is almost assured, Mayor Michael Starr said today.

Major British and Canadian movie interests have almost completed arrangements to buy the 6,000-acre property valued at about \$1,000,000 from the owner, automobile magnate R. S. McLaughlin, the mayor said.

One unofficial report said the proposed studios would be of such magnitude as to employ 15,000 movie producers, most to be brought from England.

Jinx Defied

HILLSBORO, Tex.—(UPI)—John Hinkley has been dogged by bad luck so much in the past that he decided to take fate into his own hands. Mr. Hinkley has a fine, well-laid collection of stray black cats.

The Greeks introduced horse racing in the Olympic Games in 654 B.C.

NOW Johnson's famous five has Neutral Clutch for better fishing

Now there's no need to shut off your outboard to play your fish or unman your line. Just flick the handy Neutral Clutch control and the Johnson 5 h.p. TN idles in neutral. It's so simple, so convenient, so safe you warm up your motor before you cast off. Then pivot to Reverse position, press the lever and back smoothly into open water. Swing to Forward and you're away to good fishing. Arrange NOW for your new TN with your Johnson dealer. He is a member of Johnson's long established, Coast-to-Coast Sales and Service organization that helps you to enjoy years and years of continuous outboard satisfaction with your Johnson.

See the six 1950 Johnson models at your dealer's today.

Playoff Time Lament

Terrific poem dedicated to all the good hockey fans who have no option tickets for the Flyers-Stamperders playoff game at the Gardens tonight:
Till we stranger here you heard
Of that awful lucky bird
Who has option ticket rights
On this hockey night of nights

What Goes On Here

I've another wrong number item today. Remember, I noted yesterday complaint of newcomer Mary Stoward about the street sign at 103 street and Jasper avenue that reads "105 street".
Well, today a fellow named P. T. Sherwood phoned to say there's a sign at 100 avenue and 118 street that reads "115 avenue" on one side.
For gosh sakes! Does the city put up those signs on New Year's Eve? Or is it April Fool's Day?

President George B. Henwood of the John Howard Society and deputy attorney-general for decades, chatted with "Jawn" (Mr. Baseball) Ducey at lunch time yesterday.

Conversation ensued as follows:
Ducey: "You're looking very well Mr. Henwood."
Mr. Henwood: "I feel very well."
Ducey: "How do you account for looking so well?"
Mr. Henwood: "Pleasant meal, plus shrug of shoulders."

Unidentified third party: "Reason he looks so well is because his conscience is easier since he quit being deputy attorney-general. He's now working at getting people out of jail instead of putting 'em in."
Seriously, I think Mr. Henwood is doing a wonderful job along with all members of the John Howard Society in Edmonton. Far too many of us fail to remember the words: "Sick and in prison and ye visited me not..."

Ever try a stroll with Johnny Falkenberg, the investment house man? If you do you won't be walking. You'll have to do a slow jog or a mild gallop at the least. After trying to walk one block beside Johnny last night, I know just what is meant by seven league boots. He's got 'em.

There was a time when nobody had a good word for bank. But just about everybody in town is saying nice things about that snazzy new Bank of Toronto Building. Congratulations to Manager Jim Hutton and staffers. That's the kind of a bank I'd like to put my money in if it weren't for such annoyances as increased cost of groceries, rent, gas, light, water, clothes and Easter hats.

What, No Cigar?

Bumped into Horne and Piffled's Andy Tait on Jasper avenue last night. Scotman Tait had Mrs. Tait along for protection on account of it being Saint Patrick's Day.
But the remarkable thing about Andy was it was the first time I ever saw him without a cigar in his mouth. Ain't it wonderful what marriage will do for some fellows.

A fair goodnight to all and especially to the Edmonton Flyers. May their cup of good fortune have the name Allan inscribed thereon.

Recreation Facilities
Heavy Drain on Budget

More than half the parks department's 1949 operating budget of \$228,272 went into
Ed. Parsons said today that the department's 1949 operating budget of \$228,272 went into
In addition, the department spent \$49,312 on new construction of parking, rink, golf courses, parks and baseball diamonds.
A total of \$131,230 was spent on operation and maintenance of parks, city stadium, golf course, swimming pool and hockey rink.

2222 ON GOLF COURSE

"These figures do not include any charge for administration, inventory depreciation, stationary, holiday, sickness, vacation or share of upkeep of the nursery or greenhouse," said Mayor Parsons.
The city also assisted community leagues to the extent of \$8,000, made up of \$4,000 in utilities, improvements and grant, and \$4,000 contribution to new building expenditures.
Apart from this, the Recreation Commission budget totalled more than \$71,500, he said.
Biggest single department spending in operation and maintenance went into Victoria golf course, where \$22,000 was spent, with no key rinks second at \$10,300.
In the capital expenditure category, the Canadian Utilities Ltd. and S.W. Hawkes, of Vegreville, was in charge.

Electricity School
For Andrew Farmers
ANDREW, March 16 — Farmers of the Cassin Rural Electrification Association attended a two-day electricity school, held here recently.
The course was sponsored by the Canadian Utilities Ltd. and S.W. Hawkes, of Vegreville, was in charge.

PROPOSALS TO CITY
Frontiersmen Seek Return
On Money Invested in Hall

The little old drill hall on Kingsway, next to the old city hall, has been an eyesore to city fathers but to Edmonton's Legion of Frontiersmen, it's the only home they have.
Of late the frame building, erected in many a war-torn area, has been something of a hot potato tossed back and forth between the Frontiersmen and Edmonton city council.
Today, according to the Frontiersmen, the point is still stalling and waiting to be so until city fathers line up not only a new home for them but a buyer for the present property so that the Frontiersmen may realize the money they have put into the property.
"Sure, we realize it isn't the most beautiful building in Edmonton," said Lieut. Shaver, commander of "A" Alberta Squadron of the Frontiersmen. "But we just haven't had the time or money to improve it."

A Night of it on St. Patrick's Day

Everybody was out to honor St. Patrick last night. Mrs. Annie Wingfield, 87, came from Fort Saskatchewan to enjoy Northern Alberta Pioneers and Old Timers' Association's big dance at Recreation hall.

AT MOUNT CARMEL Auditorium, St. Anthony's Men's Club drew packed audience for its Echoes of Erin starring Kathleen Busby Letourneau and Jean Letourneau.

ODD NOTE
ENDS SPREE

Chris Anderson, who said he "couldn't have done such a silly thing," if he hadn't just "finished drinking up" \$1800 made by the Yukon, was sentenced to two months in jail when he appeared in police court on charge of theft of two odd shoes from a department store.
Court was told he sold the shoes to a secondhand store for \$5 cents.

Higher University Costs
Not So Tough in Canada

Higher costs of higher education are no worry to University students in Alberta, a survey recently completed by the University indicates.
Unlike their American fellows, students here are not being forced to the impoverished walls by 10 per cent increases in fees.
STANDARDS KEPT UP
Nor are they receiving a "watered down" education as a result of the financial position of the university, as is happening in some cases in the U.S.

Surveys recently conducted here and in the U.S. show Alberta students pay an average of \$100 a year as compared with \$500 in the U.S. Fees here have increased slightly less than 12 per cent as compared with the 100 per cent tuition boost in the south.
But the happy situation of Alberta students is due only to a benevolent government which has increased grants from \$128,000 in 1940 to \$1,300,000 in 1949, explained Dr. Andrew Stewart, dean of business affairs.
"In view of higher wages students are able to obtain in the summer and the improved financial position of most families today, our students are in a relatively good position," said Dean Stewart.
"They certainly do not want off that they were before the war."
Medical students, however, are an exception. Their fees, which have increased from \$255 in 1940 to \$400 for senior students "last year, the highest fees on the campus."
Canadian universities hope some governmental relief may be offered for university students, medical students in particular, said Dean Stewart.

Big Valley
Forms Chamber

BIG VALLEY, March 16 — Branch of the Chamber of Commerce was formed here Monday and C. A. Palmer named president.
Sen Semenuk was first vice-president, and treasurer, Joe Hart. Executive committee is composed of: R. L. Ward, Norman Olney, Bill Olney, Cliff Romane, Ralph James and Bruce Chalk. Dig LaTouche was appointed secretary.
A constitution was outlined Thursday and first meeting will be held Sunday.

Dies Of Injuries
SIDGWICK, March 16 — M. Myreth died as a result of injuries suffered at Winfield when he was crushed under a falling tree. He is survived by his wife and six small children.

Legion Plans Work
For Summer Months

NOTHILL, B.C., March 16 — The Legion has decided to furnish a booth for the fair on June 2.
The Legion has also agreed to Monday at 2 p.m. at Hanesman, organize a Clean-Up Day for the country to be held early in the spring.

Edmonton Unit Nursing
Strength Tops Reserve

No. 36 Casualty Clearing Station's nurses are playing an important part in the unit's competitive success against other reserve army medical stations in Canada.
"There are more nurses here than at any other reserve army medical unit in Canada," said Lt.-Col. J. A. McNamee of Canadian Army Medical Services, Ottawa, who inspected No. 36 CCGS last night as part of a national competition to select the most efficient reserve army medical unit in Canada.
Winner among the 39 units of the competition was the 3rd Canadian Army Medical Unit, which was awarded the Rymington Trophy and the runner-up the Shillington Trophy. Along with No. 23 Field Ambulance at Victoria, B.C., No. 36 CCGS is the Western Canadian training.

Rural Unit
Health Aid
Preference

Effort Made To Assist Areas
Where Service Did Not Exist

Rural health units will be given preference over city hospitals for Dominion health grants, Hon. Dr. W. W. Cross, minister of public health, indicated in Alberta legislature last night.
Dr. Cross denied statements by Calgary medical health officers that W. H. Hill, (but public health grants were either withheld or distributed unfairly).
Grants were made available on the basis of services rendered after April 1, 1948 and could not be distributed before August, 1948.
The funds were granted rural areas for preventative medicine in most of the health service areas at all levels, Dr. Cross said.
Grants were not distributed in city areas on a per capita basis as requested by some civic authorities because some rural health service already existed in these centres.

Protection
Given Funds

A frequently complaining legislature yesterday heard Independent National Creditors' Affairs, Bank-Cheerance, discuss at length some raising, mixed drinking, operation of amusement treasury branches and a charge that milk combines exist in the province.
Every reasonable precaution has been taken to assure proper handling of treasury branch funds, Premier Manning said after Mr. Way had charged treasury branch money was "consistently disappearing."
The House subsequently approved the board's appropriation.

Mishap Suit
Is Dismissed

Suit for \$20,000 by an Edmonton widow whose husband was killed three years ago in an unusual garage accident, was dismissed in Supreme Court Friday by Judge J. E. Kabet.
Court ruled that Walter Nichols, 112,000 acre, was not guilty of negligence in the accident which caused the death of Jacob Kirschman in May, 1917.
The suit was brought by the widow, Mrs. Magdalena Kirschman, 112,000 acre, against Nichols. William Ausler appeared for the widow and Arnold Meier for the defendant.

Party Critical
Of U.S. Capital

An appeal for public support "to get the Yankee brass and oil tycoons out of the province" has been issued by the Alberta Progressive Party.
Meeting in annual convention at Moose Temple, 50 delegates Friday heard President Ben Swankay charge that "Yanks and Standard Oil mean to use Alberta as the trigger point and base to attack our socialist front, the Soviet Union."
Convention continues until Sunday when Charles Sims, former Toronto Alderman, will speak at the New Moose Hall at 8 p.m.

Participation
In Trade Fair

ALBERTA'S participation in the Canadian International Trade Fair at Toronto May 29 to June 9, 1950, was discussed during the Edmonton week-end of fair representatives.
Mr. Milne, of Edmonton, met Monday for conference with John C. Gherbier, deputy minister of industry and labor, and chairman of the Alberta trade fair committee.
Alberta power and gas companies are cooperating with the Provincial Government in presenting exhibits at the fair.
Mr. Milne will also address the Edmonton business community Monday and Wednesday and field their boards of trade on Tuesday.

The national parks of Canada cover approximately 26,710 square miles.

'TEEN VOTES SHOW TASTE

MODERN-MINDED Miss like Emily Halliwick is a very 'n' pretty example of 'teen-agers' development in taste. Emily, North Edmonton 'Teens' candidate, is 25 years old and is a computer operator and lives at 12630 70 Street.

HEART-SHAPED FACE IS HER FORTUNE

EAGER TEENSTERS of Cloverdale crowned 15-year-old Mary Williams with laurels as their candidate for "Miss Edmonton." Mary spends her 9-to-5 day being an efficient bookkeeper. She lives at 12345 82 street. Mary said she was a bit shy about the contest at first, but she thinks it will be fun.

SHE CAN BAKE A CHERRY CAKE

PRETTY FACE, plus a honey talent in the kitchen, add to Laurene Trivett's charms. Laurene Trivett, an 18-year-old girl, lives at 11111 22 Street. She is assisted by young Carl Duggan who just turned 15.

Edmonton Teen Clubs Join Forces Campaigning for Stampede Queen

Edmonton teen-agers are busy showing the rest of the town what can be accomplished with organization, bright ideas and a liberal spicing of enthusiasm.

Because Edmonton has not yet brought home the honor of a locally sponsored Calgary Stampede Queen, the thousands of 'teen club members decided to do the job in fine style.

They started their proceedings by centralizing their direction and uniting city 'teen clubs for the program of activities. Previous attempts to form "Amalgamated 'Teen Clubs of Edmonton" had failed . . . but wide-spread enthusiasm for selecting a Calgary Stampede Queen candidate did the trick.

Six potential queens were chosen by various 'teen branches and the elimination contest will take place March 24 at the Trocadero Ballroom.

A panel of judges, their identity kept secret, will decide who of the six pretty young girls will be honored with the title of "Miss Edmonton."

In past years there's been much mumbling and grumbling about the extreme youth of the queen candidates for the Calgary Stampede. For this reason 'teen council executive instructed their member branches to choose a girl renowned for her beauty, personality, poise, pretty smile, gracious manner and mature attitude. Queen-potentials range in age from 18 to 25 years.

So March 24 is the telling date . . . and the informal party at the Trocadero will be the telling place.

MORE ACCOMPLISHMENTS THAN A PRETTY SMILE

LILY-WHITE HANDS of a pretty maid need never be idle hands, and Marion Dombrowsky is busy setting a fine example as she does a fine job of painting the woodwork. Marion, 18 years old, has an interesting job as a police department stenographer, and makes her home at 11885 69 street. Highlands 'Teens are campaigning in favor of Marion for "Miss Edmonton."

HOBBY HOURS SHOW TALENT PLUS AMBITION

SCHOOL, MA'AM Wilma VanDerLan is bright as a dollar and just as popular with her Eastwood High School pupils and Avenue 'Teens' members. Wilma is not a slip of a lass for this important job . . . she's 25 years old. One of her favorite subjects is art as she took a bit of oil-work into her limited leisure time. Wilma lives at 12112 22 Street.

Women Today

EDMONTON BULLETIN, Saturday, March 18, 1950 21

MID-AFTERNOON chat breaks a busy day for His Hon. Lt. Gov. John J. Bowlen. His nieces, Mrs. James Schrader of Oids, left, and Mrs. Michael Boyle dropped in yesterday to see his new offices. Mrs. Schrader has been visiting in Edmonton for past week. She plans to return to her home in Oids tomorrow.

Club Presidents Invited to Pour At Annual Spring Tea March 25

President Mrs. Colin M. Campbell will receive when the Business and Professional Women's Club entertains their annual spring tea at the HBC Empire Room March 25. Miss Isabel MacMillan, past-president, will assist in receiving. Convenor is Miss Catharine McGrath and assisting her are Elsie Kirby, Kez Candy, Isabel MacMillan, Jean Lawlaid.

Those invited to pour tea include Mrs. J. H. Hollinhead, president Local Council of Women; Mrs. P. J. A. Fleming, president of Women's Society of Museum of Arts; Mrs. R. J. Brewer, president of Sorority Club of Edmonton; Mrs. T. H. Field, Canadian Club president; Mrs. Roy Anderson, University Women's Club; Miss Margaret Thompson, Quota Club.

Romantic Tour of Tropics Enjoyed

Tropical trip filled a busy schedule for Mr. and Mrs. J. C. Hedford during the past two months.

Their first stop was in Montreal where Mr. Hedford attended sessions of Canadian Construction Association convention. From there they proceeded to New York where they boarded ship for the Queen of Bermuda cruise.

They visited the Bahamas on their return trip. Once back on land they plotted another trip of sightseeing and relaxation and boarded the Mauretania for the West Indies Sunshine cruise, Venezuela, Trinidad, Jamaica, Panama and Cuba were stopovers enjoyed by the Edmonton couple.

BRIDGE AND CANASTA were played when Mrs. Reg Stevens was hostess to members of the Women's Auxiliary to the International Typographical Union at her home recently.

Spring flowers decked the table. More than 15 members and friends were present.

Miss Conic Stevens, Mrs. Lester Stevens, Mrs. Bert Hill assisted in serving.

STRAWBERRY social strengthening the family get-together theme, will be held in the Highlands United Church schoolroom Wednesday from 7:15 to 10 p.m.

Group Five of the Highlands U.C. is sponsoring the social.

SHAMROCKS mingled with naval flags to lend an Irish touch to decorations in the drill hall at JHMCS Nonsuch last night when the Orléans and Petty Officers held St. Patrick's dance. Party was attended by 250 officers held.

CPO Maudie and CPO Martin were in charge of all arrangements and handled the guests.

Special guests included Cmdr. L. R. Har, commanding officer of JHMCS Nonsuch, and Mrs. Har; Lt. D. Brownson, staff officer and Mrs. Brownson.

COMPETITION cups and prizes were presented by Queens Skating Club at a get-together last night.

Miss Kathleen Macdonald was in charge of arrangements. Prizes were presented by Dr. and Mrs. W. S. Armstrong.

Mrs. Clarence Miller Named WMS President

Alberta Conference branch of WMS of United Church re-elected Mrs. Clarence E. Miller, Edmonton, as president. Elections were held at Thursday sessions of annual rally in Central United Church, Calgary.

Mrs. William Armstrong presented report of the nominating committee, and Mrs. Hughland conducted installation of the following slate of officers: Houghton president, Mrs. A. M. Scott, Mrs. G. Ernest Forbes and Mrs. A. D. Richards, Edmonton; past president, Mrs. William Kemp, Calgary; vice-presidents, Mrs. G. Thorne, Red Deer; Mrs. F. Graham and Mrs. C. R. Binnie, Calgary; and Mrs. William Robertson, Edmonton.

Recording secretary, Mrs. G. H. Villet, Edmonton; corresponding secretary, Mrs. John Scott, Edm. Treasurer, Mrs. A. D. Richards, Edm. Secretary, Mrs. G. F. Bruce, Edm.

COMMITTEES

Christian Stewardship, Mrs. G. Powell, Drumheller; Mission Circle, Mrs. T. W. Lawton, Grande Prairie; Affiliated Child Groups, Mrs. H. L.

Dessert Bridge To Attract Many Guests

University Hospital Auxiliary Plans for Spring Party Progressing

Dessert will be served prior to an afternoon of bridge when the Women's Auxiliary to the University of Alberta hospital entertains March 29 in the spacious lounges and reception rooms of the nurses' residence.

Novel, dessert-bridge will be held at 2:30 p.m.

Social convener, Mrs. M. M. Cantor, is in charge of arrangements, and Mrs. R. E. Staples is refreshment convener.

Parish Men To Preside At Tea-Time

Men of St. Theresa's parish will preside at the tea-time tomorrow when the Ladies Aid entertains a tea from 5 to 6 p.m. and from 8 to 10 p.m.

Tea tables will be decked with flowers in the newly built parish hall and youth center. This is the first official function to take place in the new hall.

Men of the congregation have been asked to take part in the opening tea celebrations because they devoted so much of their time and service to complete the hall.

Proceeds of the tea will be used to further youth work in the parish and district. Parishioners are proud of their accomplishments.

A special tea committee of the Ladies Aid will be in charge of arrangements. Those will include Mrs. D. Mores, Mrs. Phil Croxson, Mrs. N. D. Culline, Mrs. Roy Bennett, Mrs. J. E. Goyard, Mrs. A. Deman, Mrs. J. E. Goyard, Mrs. F. H. Lovette, Mrs. R. J. Pringle, Mrs. F. Blais, Mrs. C. W. Weir, Mrs. B. Pringle, Mrs. N. Carmichael, and Mrs. D. J. Lavender.

Business given of the parish will act as secretary under the direction of Mrs. C. J. Farrell.

Alberta Avenue Community League monthly meeting, March 18, 8 p.m. in the hall, Monday, at 8 p.m.

The BAY'S

Magie Foundation and Styled Cut For Your Spring Hair Fashion!

Mr. Vincent has had an interesting and varied career in both Canada and Britain. While in England he contributed fiction and articles to a variety of publications and spent years travelling in Europe.

Mr. Vincent now makes his home in Calgary, where he is an industrial consultant.

Ladies' Aid Greets Spring With Tea, Sale

Spring is coming and to help welcome her in, Grace Lutheran Ladies' Aid will hold a tea and sale of home-cooking on March 24. Plans were made at recent meeting at home of Mrs. J. Johnson.

The tea will be held in parish hall at 10:44-107 Street, from 3 to 5 in afternoon and 8 to 10 in evening.

Receiving guests will be Mrs. George Eberhardt, and Mrs. J. Gervais, Mrs. A. Appell, Mrs. Eberhardt, senior, Mrs. A. J. Seeverman, Mrs. J. Knobel, Mrs. Don Prussner, Mrs. W. A. Hest, Mrs. C. I. Klewer, and Mrs. George Eberhardt, have been invited to pour tea.

Guest book will be in charge of Mrs. Ray Shultz, Mrs. W. A. Kraus will supervise the tea table.

Guest convener, Mrs. Charles Hornum will be assisted by Mrs. Harold Brown and Mrs. R. Booth. Proceeds are for United Presbyterian Community Fund.

Whist Drives

W.A. of St. Clare's Parish are holding whist drive in school tomorrow at 8 p.m. Refreshments will be served.

Whist drive will be held by Jewel Rebekah Lodge No. 25, IOOF on Monday, 2:15 in HBC Empire Room. There will be sale of home cooking. Mrs. J. Pennand and Mrs. J. Watt are in charge of arrangements.

St. Peter's W.A. meeting, parish hall, Monday, 7:30 p.m.

LITTLE KNOWN FACTS ABOUT DIAMONDS

Diamonds have through-out all ages been the symbol of power, love, wealth. In every land, as far back as the memory of man—these precious gems have been adored, treasured and prized beyond all other forms of wealth. Diamonds have ransomed monarchs, purchased kingdoms, enriched wars and promoted peace.

Two Great Emperors Mixed Up Calendar

During the past few days we have talked about six months of the Christian calendar, and how each got their name. All of these months were named after Roman gods or goddesses who had interesting myths and superstitions.

But the seventh month of the year leaves behind the fascinating tales of goddesses rising in chariots drawn by peacocks and Roman gods with two faces. This month gives us cold realistic facts about one of the most famous men that ever lived—Julius Caesar.

ODD CALENDAR

Many centuries ago the calendar started with March. Instead of January and the month of July was the fifth of the year. The Romans then called it Quintilis, which means the fifth month.

Julius Caesar not only conquered nations after nations, but made many laws and wrote immortal books. While in a literary mood, he decided to reform the calendar which at that time was in sad state of affairs even in January and winter in September.

POWERFUL LEADER

It would take far too long to tell the story of Julius Caesar, but his armies were so powerful that they invaded countries as far away as Britain and taught barbarians law and civilization.

When the months were changed, Quintilis was no longer the fifth month of the year, so the Romans changed it to July, in honor of their leader Julius Caesar.

AUGUSTUS CAESAR

The next month was also named after a famous man, the grand-nephew of Julius Caesar. At first he was called Octavius and ruled for many years.

The majority of school staff members labeled the system "hygienic," the report said.

John Walker

'Unhygienic' Say School Teachers

WINNIPEG, March 18.—(CP)—A survey of four Winnipeg schools today indicated 1,000 children use toilet facilities of questionable sanitation.

The survey followed a statement in the legislature by Gordon Fries (CPC—Winnipeg Centre) that the four institutions have facilities as unsanitary as one-room shacks.

A Winnipeg Free Press reporter found the buildings equipped with long communal-type toilets, comprising a metal tank and a seat cover with holes.

The tanks are flushed quarterly to hourly. Seating space is divided into semi-public by board partitions.

The majority of school staff members labeled the system "hygienic," the report said.

Doctors say that allowing a child to sleep with a nursing bottle in its mouth may result in facial deformity.

Uncle Wiggily's Bedtime Story

Uncle Wiggily was in the sky, ready for the trip back home to Woodland, Tennessee. May he have a Painted Turtle Day Mountain. Then he heard that voice calling.

"Wait for me! I must go with you!"

"Who is that calling?" asked the rabbit.

"It was Teenie the turtle," said Buster. "You can't see him, daddy."

"All right, then I guess I'll keep away from the butterflies shivering gold from their wings," said Buster.

"No, I don't believe you are," said Uncle Wiggily kindly. "I never heard of a proud and stuck-up turtle. So, if you like, Teenie, I will take you with me in the sky."

"I'm sure, Teenie, you will like it in Woodland," said Buster. "And you can show the turtles there that picture that Buster and I painted on your shell."

"Do you think the Woodland turtles will think I am stuck up and proud because I have a picture on my back shell?" asked Teenie.

"I'm sure, Teenie, you will like it in Woodland," said Buster. "And you can show the turtles there that picture that Buster and I painted on your shell."

"Do you think the Woodland turtles will think I am stuck up and proud because I have a picture on my back shell?" asked Teenie.

"I'm sure, Teenie, you will like it in Woodland," said Buster. "And you can show the turtles there that picture that Buster and I painted on your shell."

Dirt-Proof Walls Ease Housework

Simply Hung, New Finishes
Can Withstand Heavy Abuse

Finger marks, ink, gravy, even crayon and lipstick wash right off new heavy-duty wall coverings. Some are plastic-impregnated paper, others are oil-coated canvas. They're waterproof and long-wearing. They stand up to hard wear and abrasion. They can take almost anything except a sharp knife or an ice pick.

These come in a wide variety of patterns, both conservative and gay. And of course there are beautiful plain colors and kitchen and bathroom patterns, too.

Plastic wallpapers have the chalky, water-color appearance of a fine wallpaper. You'll never guess plastic particles penetrate the fibers and seal every microscopic opening so that wet stains on the surface where it's easily washed away.

GOOD NEWS
That's good news if you live in a damp climate; plastic papers aren't affected by mold fungus. Safety even in rooms with big picture windows where the sun streams in, ideal for narrow hallways and stairways, plastic wallpapers resist rubbing and abrasion.

Walls should be prepared as carefully as they would be for any good wallpaper job.

VULNERABLE SPOTS
The only vulnerable spots in waterproof wall coverings are the seams, so you can be sure of a satisfactory job. If you're papering

Wallpaper Grease
Q—How can grease spots be removed from wallpaper?
A—Place a blotter over a grease spot on wallpaper and iron the spot with a warm iron. The heat will cause the blotter to absorb much of the grease, thus removing it from the paper.

TOOL HELPS HANDY MAN

For the home handyman there is a new British-built utility tool that serves six different purposes.
Made of forged-hardened steel, it is a hammer, has a claw for removing nails and has a spanner end that will turn nuts and bolts up to 1/4 inch in width.
One side of the tool handle is a file, the other is a six-inch rule and the tapered tip acts as a screwdriver.

Latest Paint Deodorized

Millions of submicroscopic balls of rubber, whipped up in water to form an odorless rubbery film, may be used to coat the interiors and exteriors of houses of the future.

It is washable. The new paint, made by the Dow Chemical Company, Midland, Mich., drives by the evaporation of the water component, leaving a thin sheet of rubber which adheres firmly to the wall but allows dirt to be washed off. Ordinary water-base paints now in use do not always wash satisfactorily.

Pigments can be added to the new paint, but there are no turpentine, solvents or oils to cause odors.

The above designed and installed for JOHN SHADOCK, Building Contractor.

Steps Without Handrail Present Definite Hazard

More than 60 per cent of all country and suburban houses have front or rear steps which are without a handrail, and which present a definitely dangerous situation.

Even though there be but three or four steps, a fall due to icy or slippery conditions may be enough to break a limb or cause other serious injury.

The home owner who wants safe steps can have them if he is willing to invest in about two dollars worth of plain 2 x 4 lumber, a few screws and four angle braces. Without being a skilled mechanic, even a second-rate carpenter, he can make a substantial handrail in about an hour's time by following these directions.

BOTTOM POST
The bottom post is made of one piece of 2 x 4 cut to a length of 30 inches or more, depending upon the height wanted. This is set solidly on the ground against the first step, with the 4-inch side rounded edge of the step is cut back to make a flush fit against the post. Two inch angles are screwed into each side of the post and into the step. A strong, solid post results.

The handrail, which follows the angle of the steps, is now laid temporarily in place, and the side of the post marked off and halved or cut so that the rail will lay in the post. This moves a seat, workman like joiner.

"The Laurelridge"
POPULARITY OF Early Colonial architecture has deservedly endured since days when beginnings of eastern cities were being hewn out of wilderness. "Laurelridge" is very economical two-storey design containing three bedrooms with small closets. Exterior materials are brick to belt course with 10-inch cedar siding above. Living room may be roofed by second floor overhang, thus increasing area in bedrooms and producing strong horizontal shadow line.

Rubber Bands From Inner Tubes Useful Around Home

A heavy rubber band made from a piece of an old, small auto tire inner tube will hold the spreading straws of an old broom together. This way you can coax a few more miles of sweeping from that old broom.

There are many uses for the rubber around the house and garden.

Use a small piece of Scotch tape when driving nail into plaster to hang anything on the wall. The tape will prevent cracking and crumbling of the plaster and loosening of the nail.

Keep a piece of fine sandpaper handy to provide a non-slip grip on a smooth jar-top that is slick. Good in the kitchen for food jars or in the shop for storage jars containing paint or small repair parts.

Remove stuck storm sash with a jimmy bar or a claw hammer and exploits or lag screws in corners of sash. Work corners alternately and gradually to prevent twisting and breaking of glass.

Hang wet rubber and overbores by spring clothespins and chains to keep them off floor and speed drying. Chain has opened-end link hooked through hole drilled in clothespin. Fasten chain to any convenient projection.

Don't throw out that nail keg. Cut it down, add a handle of broomstick, or carry small maintenance and garden tools to site of garden and repair jobs.

Pressure is distributed evenly along a file by a new handle which gives the tool a planing motion. The handle has a tapered groove into which the shank of the file is slipped. It describes an arc.

RADIO WONDERS

Baby-Minding, Star-Gazing By Radio

By MAUREN GOTHLIN
Americans are finding increasing uses for radio.

For every station authorized by the government for entertainment or educational purposes, there are 60 other types of stations in the so-called "radio-wonderland."

Some of the more unusual jobs that radio has become involved in include baby-minding, diaper service, putting doctors (including country doctors), garage-door opening, skiving and sewing observations, as well as the better known electronic cooking and distilleries.

FOR FUNERAL PROCESSIONS

The U.S. Federal Communications Commission even had a request to authorize the use of mobile radio units to direct the movement of large funeral corteges. That was turned down. But during the past year, the FCC authorized in Ohio funeral home to operate a station and transmitter-equipped vehicles for a purpose unspecified by the commission.

The FCC asserted that the primary obstacle to "greater and greater use" of radio communications facilities is the crowded radio spectrum.

The number of people wanting to use radio facilities for one thing or another has grown "ever more rapidly" than technical developments which are making more frequencies usable.

The result is that demands for frequencies "far exceed the supply," the FCC said.

AMATEURS LEAD

As against the approximately 4,000 program stations authorized by the FCC, there are 84,000 amateur stations and 6,000 other types of stations. These last cover an additional 200,000 mobile stations, about 10,000 service trucks, among other vehicles.

Some of the more interesting aspects of radio turn up among the authorizations granted by the FCC for experimental use.

One of these projects involves the use of radio in meteorological observations to determine meteorological conditions from penetrating the earth's atmosphere.

Another is concerned with the development of radio-location systems to find oil deposits.

And a New York firm has asked permission to test a system under which doctors carrying small portable recording sets could be guided by code signals. A doctor then would go to the nearest telephone to find out where he was wanted.

Roofs Need More Care

Most people live under a roof without ever giving it a thought. As long as no trouble develops, they are content.

When a stain suddenly appears on a wall or ceiling the homeowners are that it could have been avoided by a bit of forethought on the part of the owner.

A leak in a roof seldom occurs through the wide expanse of shingles or otherwise covered surface. The weak spots in a roof are around chimneys, dormer windows, vent-stacks or in the valleys formed by the intersection of roofs of different heights or different directions.

These weak spots are protected by shingles known as flashings. In chimneys the flashing is built into the masonry, runs down.

Flashings should be made of copper, brass or other non-rusting metal. All point and hardware stores carry roof cement, and a generous coat applied over the flashings is practically a guarantee against leaks from these locations.

Suggests Hippos As River Dredges

DURHAM, South Africa—(CP)—A South African would make more use of the hippopotamus it could have many of the rivers from silted up says Canadian game expert Martin Woolcombe, who has just completed a tour of the country. He said that by breeding colonies of hippos and placing them in many rivers, the water courses could be more easily controlled.

The animals would act as river dredges in keeping the channels open.

Weight Overcome

Little effort is required to level a heavy table stand or workbench. If the legs of the table are raised with a screw-type car jack. The jack is slipped under a side or end rail near the leg to be shimmed.

AWNINGS

Orders are now being taken for KOLLYNET, the winner with these outstanding features:

LAWN MOWER INDUSTRY, moving at fast clip, has produced radio-controlled, mobile cutter, which was recently unveiled at Chicago. Its inventor, Jim Walker, shows how easy it is to trim lawn simply by operating tiny transmitter which controls ground unit.

New Cat Scratching Device Developed

Keeping pets from sharpening claws on furniture is becoming more difficult, but one American cat-owner has found a solution, it's the Scratch Patch.

The Scratch Patch is a long, low bar made of half wood, half carpet, to cater to a cat's whims. A toy and catnip are dangled from one side and a booklet is provided for training a cat to use the Patch.

The earliest observation of a celebration akin to April Fool's Day was by the early Hindus, who had a festival of spring between March 21 and April 1 and called it the feast of Holi.

New House Needs Proper Location

Check Neighboring Homes On Appearance, Maintenance

In choosing the location of your new home, investigate the houses already built in the neighborhood. Are they comparatively new and well-maintained or have they a general down-at-the-hell appearance?

You will not be satisfied unless the house is situated in a desirable neighborhood. Attractive surroundings also give your house a better resale value.

The facilities and utilities of the neighborhood are important. Check to see that the streets are well paved and well lighted after dark. As far as possible, they should be free from through traffic but still accessible to main traffic arteries.

MODERN, CONVENIENT

A modern and convenient transportation service is desirable. You will want your home located in the vicinity of schools, churches and stores. Parks and playgrounds in the community will add to the value of the property. All of these facilities should be within walking distance of your home.

Enquire about the tax, water and insurance rates. Debt restrictions play a vital role in a well organized community. Zoning ordinances are for your protection. They regulate the size and type of buildings and the use of lots.

Be sure sanitary ordinances are enforced. Public health service and hospital facilities are important factors to consider. Adequate police and fire protection are necessities. Nearby factories may be an objectionable source of noise and smoke. They can also be an asset by providing work close to home in pleasant surroundings.

You will be happier in a community where your neighbors have interests and live in circumstances similar to your own.

(This is the second of a series of articles written in the interest of readers who are contemplating building or buying a house.)

When you build or remodel—don't take the risk of damage or complete loss through fire. **STONEBORD** is completely fireproof because it is made from natural gypsum rock, which contains 20% water in crystalline form. When subjected to fire the gypsum slowly calcines, the cellular structure filling with steam, which keeps the surface of **STONEBORD** from exceeding temperatures of 212° F. As this temperature is not sufficiently high to scorch or burn lumber, **STONEBORD** protects any wood structure over which it is applied from fire. Thus, it is the safest wallboard you can use.

Use it wherever a rigid wallboard is needed:

Despite all its advantages, there's no more economical rigid surface board than **STONEBORD**. Ideal for a multitude of jobs—in building or remodeling homes, schools and churches—barns, or animal sheds—stops drafts and is completely vermin proof.

STONEBORD is easy to use—comes easily to fit around doors and windows, and is easily nailed to studs or rafters over old walls and ceilings. It is the only rigid wallboard sheet that provides a smooth, finished wall surface with **ALL JOINTS COMPLETELY CONCEALED**.

Exclusive recessed edge is filled and trowelled smooth, then sandpapered, ready to paint or paper.

TRIGGER-FLIP TOOL EASES TREE-PRUNING

Only the touch of a trigger is required to lop off limbs with a new air-operated pruning tool.

The pruner handles limbs ranging up to 4 inch in diameter, and larger cuts can be made if the operator rotates the tool slightly between pulls of the trigger.

Splitting Solution

Here's the solution to stop boards from splitting when boring holes at the board end.

Here a small hole first, using a bit slightly smaller than the screws on the sizer, thus allowing the threads to grip and will prevent splitting.
